

I understand that as of August 1, 2017, my driveway will become private and I will be part of a gated community. I am aware that road maintenance will no longer be provided by Upshur County Road and Bridge. I am also aware that trash companies, mail carriers, utility companies, etc.... will have to be granted access by myself. I am in no way signing over any rights of usage, this is only an acknowledgement that the road is closing.
