**Centric Pipe LLC-Ore City Request Road Closure**

All,

Centric Pipe LLC is requesting permission to close down the last 400' of Salvia Road which is located behind our Ore City Plant, north of Ore City on the Northeast corner of the Intersection of Highway 155&259.

We are wanting to install a gate across Salvia Road at that point to better secure the back side of our property.

The only other property owner that this closure may affect is Upshur Rural Electric to which we have their permission if we provide them a key to the gate.

Thank you for your help,

Mitch Mattox

Centric Pipe LLC

Mitch Mattox  
Centric Pipe LLC  
15825 State Highway 155 North  
Ore City, TX 75683

Dear Mitch Mattox,

This letter is in reference to the Centric Pipe letter dated January 29, 2020. Upshur Rural Electric Cooperative Corporation has no conflict to the request of the closure of the road as long as Centric Pipe Continues to provide Upshur Rural access to existing and future substation sites.

Best Regards,

  
Robert Walker  
General Manager
